

**State of Nevada
Division of Child and Family Services
Grants Management Unit
Title IV-B, Subpart II (IVB-2)
Questions and Answers
Posted: March 25, 2016**

Question 1: My question is, do the families receiving the Family Support service need to be already involved in or referred by child welfare or can the families be at risk of involvement (referred by JPO, School District, court, etc.)?

Answer 1: It's not a requirement that you receive a referral by the Clark County Dept. of Family Services, Washoe County Dept. of Social Services, or the DCFS District Office in order to provide services. It's also not a requirement that a family already be involved in the child welfare system. However, the at-risk youth or families that you plan to target must fit within one of the four service categories (Family Preservation, Family Support, Time-Limited Family Reunification, or Adoption Support and Promotion) and be in line with the Regions Service Priority needs listed on pages 5-9 of the RFP.

Question 2: If we are submitting for services and programs under multiple categories (i.e. Family Preservation and Time-Limited Family Reunification), do we submit them on the same grant proposal application?

Answer 2: Yes, you would submit one grant proposal with a separate Budget and Scope of Work for each service category in which you are applying. Please see Page 12-14 of the Request for Proposal that addresses the Grant Application Process and Instructions. We will not be accepting multiple applications for multiple service categories.

Question 3: On the Program Revenue tab of the IVB-2 Excel Budget Workbook are you requesting agency revenue sources relating to the four service categories of Title IVB-2 or all revenue sources for the agency?

Answer 3: We are requesting all revenue sources for the agency/organization as they relate to the current program or services that are included in the proposal. You do not have to list all agency revenue sources for various programs only those related to services performed in regard to the four service categories of Title IVB-2 as stated on page 17 of the RFP.

Question 4: Do we need to fill out the Personnel section of the Detailed Budget or Personnel Funding Table tab of the IVB-2 Excel Budget Workbook for Contractors?

Answer 4: No, you do not need to fill out the Personnel section of the Detailed Budget or Personnel Funding Table tab of the IVB-2 Excel Budget Workbook for Independent Contractors. However, you must include a list of all Independent Contractors, their Scope of Work, rate, hours, and cost. Please reference Page 15 of the RFP.

Question 5: Under the evaluation section, should we summarize last year's data and augment for any new programs or services?

Answer 5: Yes, please provide analysis of year to year outcomes achieved for children and families as a result of previous Title IVB-2 funding. For new programs and services you can project how many families/children that you will serve and the agency's capacity to track and report the new program/ service data. Please reference Page 14 of the RFP.

Question 6: Will providers have to provide all services in each category?

Answer 6: No, you do not have to provide all the services listed in each category. You also do not have to provide each category of service to be considered for IVB-2 funding.

Question 7: When referencing the prevention of removal from the home is this targeting the biological family or foster families?

Answer 7: This was originally intended to target the biological families but services provided to foster families are allowable. The overall goal is to preserve stability.

Question 8: On the cover page, the projected number of unduplicated adults and children to be served; are you looking for an annual number or an estimate of the entire three years?

Answer: 8: Your projected number or unduplicated adults and children to be served should be based on one year (July 1, 2016 through June 30, 2017). The Scope of Work and Budget included in your application for each service category must also be based on one year.

Question 9: Should staff that is working directly with families have a minimum educational background?

Answer: 9: Education and experience should be driven by the services being provided.

Question: 10: If we fund 100% of a person's salary do we still need to complete the personnel sections of the IVB-2 Excel Budget Workbook?

Answer 10: Yes, please complete the sections of the IVB-2 Excel Budget Workbook for any position, or part of a position, that you are proposing to pay from this funding, with the exception of contractors.

Question 11: The RFP states the Division will be awarding approximately \$2,000,000 statewide. Is this annually or a total for the 3 year period?

Answer 11: The Division of Child and Family Services will be awarding approximately \$2,000,000 for the first year while the proceeding years will be based on the amount awarded by the Administration for Children and Families. The Division of Child and Family Services receives an annual Notice of Grant Award that fluctuates from year to year.

Question 12: Will outcomes need to be developed with ODES prior to submitting the application?

Answer 12: No, the applying agency/organization should develop their own outcomes for their proposal of services. If awarded funding, sub grantees will then be required to collaborate with DCFS, ODES, and regional designated Welfare representative(s) to develop appropriate outcome measures, which will be reported through ODES, Inc. online. See Page 4 of the RFP.

Question 13: Do you know which areas are underserved in the rural region?

Answer 13: For the purposes of the RFP we ask that you concentrate on the priority service needs put together by the regions child welfare agency in determining the types of services your agency plans to address and in what location.

Question 14: Will equipment need to be returned to DCFS if individual pieces are over \$5,000?

Answer 14: Each approved piece of equipment valued at \$5,000 or more will need to be labeled "Property of the State of Nevada, DCFS, IVB-2 Grant 2016", purchase date documented, given an identification number, and included in an annual equipment inventory in which the condition of the equipment is documented until disposition in compliance with section 75.320 of the Federal Super Circular. Each piece of equipment will be evaluated individually on a case by case basis in regard to disposition.
